

#2: CRAZY QUESADILLA and the PESKY Taco Bandits

For a long time, all was good in the world of Crazy Quesadilla. Dr. Cook and the food lab were safe and Evil Burrito was nowhere to be found.

One night, Crazy Quesadilla came home to find Dr. Cook all tied up! He quickly untied him.

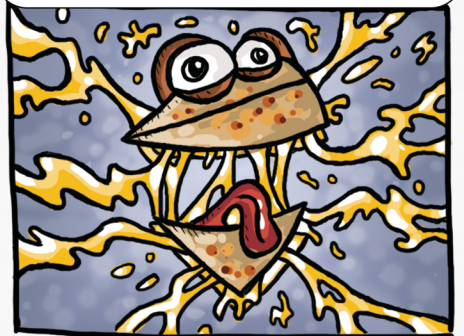

Crazy Quesadilla, help! The Taco Bandits just stole our book of secret recipes!

Crazy went after the Taco Bandits, but they were very fast and there were too many of them to catch on his own.

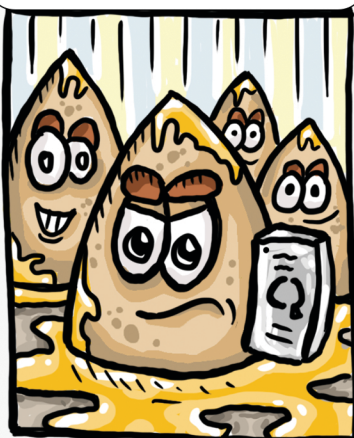

NACHO SQUAD, ASSEMBLE!

The Nacho Squad arrived right away and started chasing after the Taco Bandits.

These are NACHO recipes, pal!

CQ and the Nacho Squad caught all but one of the bandits and returned the secret recipe book to the vault.

NO!! My plan has been foiled! Without those recipes, how will we ever create something powerful enough to take down Crazy Quesadilla?!

Mr. Evil Burrito, I may not have gotten away with the recipes, but I did manage to steal the Crazy Quesadilla SECRET SPICE BLEND!

Muahaha... we can certainly use this! Let's get to work, Taco Bandit! Soon, the food lab will be mine!
